Career Objective

Aspiring Data Visualization Developer skilled in Power BI, with a strong foundation in database management using MySQL. Seeking to leverage analytical and technical skills to deliver impactful, data-driven insights.

Education

Kongu Engineering College 2024 - 2028
B.Tech in Information Technology *Present*

SRM Higher Secondary School 2023 - 2024
Higher Secondary Education

Technical Skills

Languages: C, Java, HTML, CSS, JavaScript, SQL
Developer Tools: VS Code,MySQL Workbench,Postman,PowerBI Desktop
Technologies/Frameworks:Frontend - Html5,CSS,Javascript

Area of Interest

Data Visualization (Power BI), Database Management System, Computer Networking

Projects

MediBridge – Hospital Management System 2025
- Developed a hospital management system to streamline patient records, appointments, and staff coordination.
- *Stack: Python, Express.js, MySQL*

Data Analysis of IPL Dashboard 2018 2025
- Built an interactive dashboard analyzing IPL 2018 match data to visualize team and player performance trends.
- *Stack: Power BI, Power Query, DAX*

Smart Health and Environmental Monitoring System 2026
- Designed an IoT-based system to monitor health and environmental parameters in real time using sensor data.
- *Stack: Arduino Board, Sensors, Blynk App*

ElectroMart – E-Commerce Website *(Ongoing)* 2026
- Building a full-featured e-commerce platform for electronics products.

Experience

Maxpro Infotech Salem, Tamil Nadu
In-Plant Training – Java Programming *June 2025*
- Underwent in-plant training on Core Java, gaining hands-on experience in OOP concepts and application development.

Mee Technologies Salem, Tamil Nadu
In-Plant Training – Core Python *December 2025*
- Underwent in-plant training on Core Python, building practical skills in scripting, data structures, and problem-solving.

Certificates

NPTEL – Social Networks: Scored 58% *Jul – Oct 2025*

NPTEL – Human Computer Interaction: Scored 91% *Jan – Apr 2026*

Extra Curricular Activity

NSS – Media Cell 2026 – Present
Member
- Documented and promoted NSS events through photography, videography, and social media content to boost outreach and participation.
